CARTRIDGE SELECTION

Branded product: Manufacturer Reference

Or

Filtering elements corresponding to the following characteristics:

1 – Dimensions

Length of the elements, including the end caps: mm
External diameter: mm
End caps external diameter: mm
Internal diameter: mm

2 – Filtration cutoff

In microns: µ

Please specify Nominal or Statistic or Absolute ,

Also the filtration's efficiency: 90 % or 99 % or 99,99999%

3 – End cap type

Please circle the appropriate end cap.

4 – Filtering media

Polypropylene Polyester sulfone PVDF Nylon Glass fiber Mix
Activated carbon block Granular Activated carbon Smooth metal Pleated metal
Other, specify:

5 – Type of sealing joints

Flat O ring

6 – Joint's mateer

Neoprene EPDM Buna Silicon Viton

Other, specify:
